

RELEASED: Wednesday 25 March 2020

Keeping children educated and entertained during COVID-19 crisis...it's easy as ABC

The ABC is committed to helping educate and inform Australian children, teachers and parents at home or school with trusted content during the COVID-19 crisis.

Across our broadcast and digital platforms, the ABC will continue providing free curriculum-linked programs and resources for primary and secondary students and teachers, to support them during this unprecedented time.

[ABC iview's](#) carefully curated collection of educational content for children features informative and engaging programs across multiple subject areas, including *BTN: Classroom*, *The Storybuilding Tool Kit*, *Ecomaths*, *ScienceXplosion*, *Citizen Code*, *Numberblocks* and *English on the Go*.

[ABC Education](#) provides access to more than 4000 free videos, interactive resources and fun games mapped to the Australian curriculum, across subjects such as English, mathematics, science, history, geography, media literacy, financial literacy, health and physical education and the arts and technologies, including STEM.

Highlights include:

- [BTN educational resources](#) on topics such as Indigenous culture, science, religion and beliefs, STEM, digital technologies, Australian history and environmental issues.
- [Media literacy](#) interactives and teacher tips on issues such as spotting false or fakes news and the difference between fact and opinion
- [War on Waste](#) clips to inspire children to help care for our planet
- [Mixed-up Maths](#) video series that puts the fun back into learning maths
- [My Five Cents](#) video explainers on financial literacy

Check out the [ABC Education TV website](#) for our full broadcast schedule and further information about all our programs. And sign up to the [ABC Education weekly newsletter](#) for more engaging online resources, competitions, news and events to help teachers and parents.

[ABC ME](#) features daily dedicated education content across multiple subjects to support students and caregivers from 10am-12pm, alongside high-quality online resources to help students navigate and understand COVID-19, including *BTN* classroom guides on social distancing, the global impact of the pandemic and how to deal with upsetting news.

Pre-schoolers are also in safe hands with trusted content on ABC KIDS and the [ABC's Early Education website](#), which provides specially curated shows and podcasts for educators and carers across the five curriculum areas of family, community and culture, sustainability and nature, creativity and self-expression, STEM and health and wellbeing.

The [ABC KIDS listen app](#) provides a range of music, stories and podcasts for children of all ages to stimulate curiosity, fire imaginations and foster good listening. Highlights include a special episode of the fast-paced, fun-filled ethics podcast [Short & Curly](#) to help kids ponder COVID-19 and what it means for them. Stay tuned for the new series of *Short & Curly* from 9 April.

Special collections of learning content and family activities are also available across the newly enhanced [ABC KIDS app](#) – which includes improved search features, show filters and screen time limits – and the ABC KIDS Community Facebook page, including *Play School* reflective journals, to keep families inspired and entertained.
